

Arrow of Light Arrows

This year the Thunderbird Chapter of the Order of the Arrow is selling 50 arrows, similar to the one pictured, as a fundraiser for the Chapter. Each arrow has a hand-crafted flint arrow head, feather fletching, and is lashed to a 2 foot long wooden shaft. These are authentic handmade arrows made by an American Indian tribe in Arizona. We are selling the arrows at \$12.00 per arrow. Once a year we make a trip to Dallesport, Washington, so we have a limited supply. These arrows will be sold on a first come basis. Once they are sold, we will try and order more, but there is no guarantee that we can get them for this year's Arrow of Light ceremonies.

Arrows must be paid for at time of order.

To order your arrows, please contact:
