

Adult Training

Willing to Help Others?

Welcome to the wonderful world of Scouting! Eager and energetic boys will be looking to you for fun, adventure, and leadership. Have no fear -- there is plenty of training and resources available to make you a great success! We are looking for some adults to offer training to prepare adults to run meeting and activities at the pack, troop, varsity, and crew levels.

Every Scout Deserves a Trained Leader!

Every Leader deserves training so s/he can successfully deliver the scouting program! Cub Scout Leaders are considered trained when they have completed Youth Protection,

- New Leader Essentials, and Cub Scout Leader Specific training for their position.
- Scoutmasters and Assistant Scoutmasters are considered trained when they have completed Youth Protection, New Leader Essentials, Scoutmaster Specific Training, and Introduction to Outdoor Leader Skills.
- Pack or Troop Committee Members are considered trained when they have completed Youth Protection, New Leader Essentials, and Committee Specific Training.

Training of adults to successfully deliver the Boy Scout program has evolved into a well-presented, thorough, curriculum of courses to be completed in sequence.

Why People Volunteer?

We must understand people's goals and interests and what motivates them to volunteer for additional roles. Many of those factors include the following.

- They desire fun and fellowship.
- They want to feel like they are Belonging to a team.
- They wish to develop and improve their personal skills.
- They look forward to making new friends and associating with people not normally found in their career or community life.
- They seek recognition and fulfillment that they do not get through their career.
- They believe in Scouting's values and principles.
- They want to help other people.
- They want to get away from the drudgery of their work, and do something different and FUN—something they would like to do but do not feel they could earn a living doing.
