**SCOUTING
CHANGES LIVES**

They deserve your best. Step up with Wood Badge.

Wood Badge is advanced training in leadership development. There are two parts to Wood Badge training: learn the material in six days on course, and then practice the leadership skills in your Scouting position. This combination of hands-on, direct experience and application of leadership skills is incredibly effective. Wood Badge has served as a source of training and inspiration to thousands of Scouters, who, in their turn have affected the lives of millions of America's youth. Most participants also discover ways to not only to use the leadership skills in their Scouting positions but also to better their personal lives.
